

VERDURA RESORT
SICILY
A ROCCO FORTE HOTEL

**THE SEASON BEGINS AT VERDURA,
EUROPE'S BEST GOLF HOTEL**

With the courses in exceptional condition, Verdura Resort has officially welcomed the start of a new season on Sicily's southwest coast. Following the tremendous success of our first-ever winter golf opening—when, for the first time, the courses welcomed the public between November and March—the estate now moves confidently into the season ahead.

Longer days stretch across the coastline while the fairways, shaped by careful preparation and the dedication of our team, are ready to host another remarkable year of golf.

OUR 2026 AMBITIONS

Thanks to continued investment and the passion and determination of our team, the season ahead promises course conditions and guest experiences at a level never seen before at Verdura. With an expanded calendar of events and renewed energy across the resort, the season ahead is set to be truly exceptional.
